Old Boat Won the Contest on the Time Allowance It Was Given.

SAIL A LONG RACE

Course of Forty-Two Miles Gone Over—Shamrock Third Was In First.

(Special By Scripps-McLae.)
Wymouth, April 11.—Despite the fact that Shamrock Third was first in its contest with the Shamrock First by six minutes over a test course of forty-two miles the Shamrock First won the race on the time allowance.

Fast Sailing Made
The two boats sailed a very fast race and had it not been for the time allowance the new boat would have easily outdistanced its competitor. Both boats sailed under all the racing canvas it was safe to carry.

Badly Injured
As the Shamrock Third was returning to its anchorage it collided with a steam yacht and carried away its bowsprit and was otherwise slightly damaged. The fault lay with the steam launch, not the Shamrock.

LA PRAIRIE HAS BAD FIRE LOSS

The Old Van Gelder Homestead Burns to the Ground—Totally Destroyed.

"Old Free and Easy," the old Van Gelder homestead in La Prairie, was burned to the ground Thursday afternoon. The building was one of the landmarks of the township, dating back many years. Both furniture and house were a total loss, partially covered by insurance. The house across the road caught fire three times from flying sparks, but it was protected by an impromptu bucket brigade. The Van Gelder house is believed to have caught fire from a defective chimney. For some time it had been occupied by August Hoffman and his family. No one was in the house at the time the fire started.

PENNELL'S STATEMENT IS GIVEN PUBLICITY

Declares Woman Killed Burdick and Denies Improper Relations with Wife of Murdered Man.

Buffalo, N. Y., April 11.—Arthur R. Pennell, before his death, wrote a letter to the public declaring a woman killed Edwin L. Burdick. This accusation, coming almost from the tomb of the dead lawyer, was read at the Pennell inquest. It was dictated by Pennell to his stepmother the Saturday after the discovery of Burdick's dead body.

In the letter Pennell denies all improper relations with Mrs. Burdick, explains their various meetings, and declared that Burdick was seeking divorce in order to marry another woman.

Pennell's statement to the public conflicts with the sworn testimony of Mrs. Burdick. It offers no explanation to facts brought out at the Burdick inquest, and was apparently written before Pennell had full knowledge of the evidence secured against him by Burdick.

The evidence at the inquest will not help the authorities in any way to a solution of the Burdick murder mystery. Whether the tragedy at Gohro's stone quarry March 10, in which Pennell was killed and Mrs. Pennell was fatally injured, was due to accident or design was not proven.

OLEO MAKER IS UNDER FIRE

Federal Officials Investigate Charge of Conspiracy to Evade Internal Taxes.

(Special By Scripps-McLae.)
Chicago, April 11.—The United States district attorney's office in Chicago is investigating circumstances which may result in charges of conspiracy to evade the revenue laws against William J. Moxley, the Chicago butterine manufacturer, and the Louisville Cotton Oil Company of Louisville, Ky.

One of the factors in the investigation was the recent assessment against Moxley of \$35,000 because of alleged evasions of payment of the tax of 10 cents a pound placed by the law on artificially colored oleomargarine. Another was the recent investigation by a federal grand jury in Louisville into the operations of the cotton oil concern.

The evidence taken before the Louisville grand jury is said to show that the Louisville Cotton Oil Company used at least 2 per cent of palm oil in mixtures with cottonseed oil. Proof is also said to have been secured that this mixture was then sent to the Moxley factory and used in making oleomargarine, giving to the product a color like that of pure butter.

TRADE OUTLOOK IS GRATIFYING

SITUATION IN IRON INDUSTRY

Heavy Demand for Manufactured Product in All Lines—Review of the Textile Market—Eastern Retail and Jobbing Business Reported Active.

New York, April 11.—"Aside from the prevalence of strikes and possibility of further interruption to industrial activity next month on this account, the business outlook is most gratifying. Late frosts caused some damage early in the week, but low temperatures did not continue, and in most sections agricultural products had not advanced sufficiently to suffer materially, while the prospects are bright for large crops, and heavy sales of fertilizers testify to extensive operations," according to R. G. Dun & Co.'s weekly Review of Trade. Continuing, the report says:

Eastern Trade.
"Despite some unfavorable weather, Eastern retail trade has been heavy, and jobbing activity in summer fabrics indicates expectation of a vigorous consumption as the season advances. There is less complaint regarding deliveries due to better traffic facilities. Railway earnings in March increased 13.8 per cent compared with last year and 24.1 per cent compared with 1901.

"Undue significance has been attached to the recent reduction in prices of Southern pig iron, and throughout the country a tendency to delay placing contracts is noticed. No other cut in quotations has followed, and in the trade it is believed that after the temporary uneasiness there will be a resumption of buying on the former liberal scale.

"The pig iron output has bounded upward with the better movement of fuel, and in a short time production will be at the rate of 20,000,000 tons annually. These figures are the better appreciated when it is remembered that they are more than double the maximum years' output prior to 1899.

Textile Situation.
"In the textile industries there were still adverse factors, notably the labor controversies at cotton mills. Another rise in the raw material threatens a shutdown at several mills which have light supplies and few contracts. Manufacturers of men's heavyweight wools and worsteds receive few new orders except for filling out sample lines, and the situation is practically unchanged.

Boots and Shoes.
"New business is small at Eastern shoe factories, but this is seasonable and no apprehension is felt. Moreover, current shipments are much heavier than a year ago, and activity is assured for at least two months after work begins on fall contracts. Quotations are firmly held and local jobbing trade is brisk. Leather is in better demand, the strike at Chicago tanneries stimulating purchases. Domestic hides have lost part of the recent recovery, and imported skins are also somewhat cheaper.

"Failures this week numbered 197 in the United States, against 198 last year, and fifteen in Canada, compared with nineteen a year ago."

Hong-Kong, April 11.—Fifteen hundred persons are reported to have been killed by an explosion at the Canton Arsenal powder factory, which is one of the largest in China. The arsenal is the government's clearing-house for ammunition.

Since the use of powder has for centuries been known to the Chinese the old arsenal for many scores of years fulfilled all purposes, but recently the modern commerce in explosives led to the erection of immense buildings.

Canton, supposed to have 2,000,000 inhabitants, is the largest city in China, and has many industries. It is the great market for the silk goods of south China. Though it has a European quarter the foreigners are mostly brokers, nearly all the trade being in the hands of native merchants.

Nothing was left but to attack the Moros. Their fort was surrounded by a ditch thirty feet deep. The Moros were driven out of the exterior trenches by the first attack and the ditches crossed on a bamboo bridge constructed by the troops. Under a heavy fire the Moros inside defending the place desperately, but were finally routed with heavy losses of killed and wounded. Eleven Americans were wounded. WANTON WASTE OF PUBLIC FUNDS

Nearly \$500,000 Is Spent During the Year for New Letter Boxes.

(Special By Scripps-McLae.)
Washington, April 11.—Nearly half a million dollars has been expended during the last year in equipping the country with new letter boxes. It is charged that these funds were expended at the instance of the officials of the postoffice department whose conduct now is being investigated.

It is also charged that this was a reckless and wanton waste of the public funds, and that the new, light steel boxes are not near so safe as were the old iron boxes which were discarded.

Discard Old Boxes.

There are 71,000 mail boxes throughout the country. These cost the government from \$2 to \$8 each. Assistant Postmaster General Bristol now is engaged in an investigation with a view to ascertaining why the old boxes, which answered the purposes of the government, were thrown aside and the lighter and inferior boxes substituted.

There is no question about the expenditure, but the president desires to know why so much money was spent by the division of free delivery for this purpose when there was no apparent benefit to be derived.

STEAL MAIL POUCHES FROM RAILROAD TOWER

PROGRAM FOR EASTER SERVICES AT THE DIFFERENT CITY CHURCHES

THE DAY WILL BE ONE FULL OF
REJOICING.

SWEET MUSIC EVERYWHERE

Christ the Lord Risen from the Dead,
and the World Will Re-
joice.

Christian churches all over the world will unite tomorrow in the celebration of the great and joyous Easter festival. Sweet singers of many nations will sing their voices in glad songs of praise, fragrant flowers of spring will offer their incense, and while a worshipping world listens, the pastors of Christendom will sound forth the glad tidings of the risen Christ. Easter is the fundamental festival of Christianity. Without the resurrection, of which it is a symbol, this world would never have known the beauty and the benefits of the Christian religion.

The day will be observed with unusually beautiful services in the Jamesville churches. Catholics and Protestants will join in their adoration of Jesus, the risen Lord and there will be one common theme for all the sermons which will be preached from local pulpits tomorrow. The churches have been beautifully decorated with flowers, an abundance of lilies, roses, daffodils and other choice blossoms being used to enhance the services.

Special music will be a feature of the day in all the churches. The choirs of the city have been busy with the preparation of their Easter anthems for some time past and some unusually attractive programs are the result. In several of the churches new members will be received as a part of the day's service and it is expected that there will be a peculiar inspiration brought to this Easter celebration as a result of the renewed interest which has come from the special services held in this city this winter. Large congregations are always the rule on Easter Sunday and should the weather be pleasant tomorrow all the sacred edifices of the city will doubtless be filled with worshippers.

ANOTHER SHOW THAT PLEASED

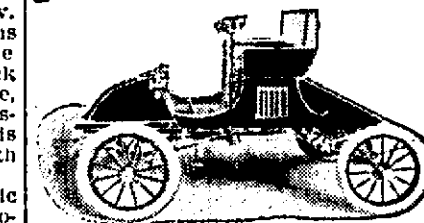

The Gaskell Stock Company Continued Their Good Work Last Evening

With one more performance the week's engagement of the Gaskell Stock company will come to an end. The closing bill is "Jesse James," given tonight. A matinee performance given this afternoon, and "Dr. Jekyll and Mr. Hyde" yesterday evening, both won great admiration, and the reappearance of the company in their return engagement later in the season will doubtless meet with popular favor. Last evening's bill proved especially acceptable. Elmer Barham, who carried the dual part of the favorite. The remainder of the company were equal to their parts. The specialties were very pleasing, as were the orchestra selections.

LENT THEN OVER, AND GAYETY TO REIGN

A SEASON OF AMUSEMENTS

Parties and Entertainments Will start the Social Ball Rolling This Week.

With the passing of Lent, the season of self-denial, fasting and prayer once more drops into the background and thoughts turn eagerly to the joys of this world and to the delights, the self-indulgences and the pleasures of the earth. Attired in her bewitching Easter gown and a bewitching Easter bonnet, Miss Society trips gaily to the center of the stage where she holds almost undisputed sway for the entire year with the exception of the forty longest days in the three hundred and sixty-five. With conscience eased by six weeks of abstinence from the follies and frivolities of this life she puts aside the demure mood of meditation and turns with renewed zest to plans for prospective parties and balls.

In Past Years

It has always been the custom for the social whirl to begin in a mad riot immediately after Easter, dances and parties crowding each other so fast that there seemed no opportunity for catching one's breath. This year has proved an exception in this as in all other things and there are comparatively few parties scheduled for next week in place of dance every evening in the week with which the post-Lenten season is usually ushered in.

Season Unusually Quiet

The dullness which has characterized the entire year was never more manifest than at present. As a rule societies and lodges have engaged in the most intense rivalry to secure some night in Easter week for an elaborate party and orchestra and balls have been engaged months in advance. This year the Christ Church Cadets and the Unique club have had a clear field in making plans for their large parties which are to be held during the coming week.

On With the Dance

To the Unique club belongs the honor of setting the social ball whirling once more for their large dancing party is to be given at Assembly hall on the evening of Easter Monday. The club is making elaborate arrangements to give the patrons of the party a jolly time and the success of the dance is already assured. Another pleasant dancing party, which will help to make the week after Easter a notable one, will be the party given by Olive Lodge No. 27 Degree of Honor at West Side Old Fellows hall on Wednesday evening.

Military Ball

The most elaborate dancing party of the week will be the military ball which will be the attraction at Assembly hall on next Tuesday evening. The ball is to be given under the auspices of the Christ Church Cadets and the young gentlemen have gone to work like veterans in their determination to have their party the swiftest event of the year. Assembly hall is to be elaborately decorated with flags and bunting and the ball is to be opened at 8:30 o'clock with the military grand march led by the Cadets in full uniforms. Smith's orchestra will furnish the music and over five hundred invitations have been issued for the party.

Gymnastic Drills

The most unique entertainment offering of the week will be the open session given by Mrs. Janet B. Day's physical culture classes at Central hall on Monday evening.

At the Myers Grand

Lovers of the theater will have several opportunities for gratifying their taste at the Myers Grand this coming week. The bookings offer a variety of entertainment, the week starting off well with the moving picture show on Sunday afternoon and evening and Monday evening, "Uncle Josh Spruceby" on Tuesday evening and Hall Calne's "The Manxman" on Wednesday evening.

A Busy Week

Various less conspicuous entertainments will be held and the first week of the post-Lenten season promises to be both busy and pleasant even though it may be less brilliant than in former years.

On Feb. 15th to April 30th inclusive the C. & N. W. Ry will sell colonist one way second class tickets to points mentioned above at very low rates with favorable stop over privileges. For full information etc., see ticket agent C. & N. W. Ry Passenger depot. Telephone No. 35.

Coming Attractions.

James O'Neill in "The Manxman" At the Myers Grand, Wednesday, April 15, we will have the pleasure of seeing James O'Neill in not only a new role, but in a new atmosphere, away from the gilded halls of the Dumas romances, he now comes with a setting of green fields where the doves and pigeons know him and do not hesitate to light upon his shoulder and listen to the sorry tunes he plays upon his fiddle. This new play is Hall Caine's "The Manxman" which follows the book closely, is conceded to be a drama of unusual force and power, and one that gives the sterling actor the opportunities his talents demand. The Manxman is a domestic story of simple life on the Isle of Man. Caesar Green is a well-to-do boniface who

is by her husband, who refuses to let her take away the child, and the mother, in her agony, tells that the child is not his. Then comes the discovery of the treachery of the false friend. There is almost murder, but Peter's better nature prevails and he leaves the guilty ones to work out their own punishment. The company is doubtless an excellent one, for in the east we find many strong, and some of them famous names. In addition to Mr. O'Neill there is Charles Kent, Joseph Kilgour, Frank Connor, May Buckley, Annie Wood, and a score of others. Of course the scenic equipment will be adequate, for this is a Lieber & Co. production and this liberal firm never send out a shoddy organization. We have seen "The Christian"

Mae Stebbins, the Remarkable in step Dances With "The Chaperons" keeps the Manx Fairy Inn. Although severe and closed, he evidently believes he is a close man, for he quotes the good book to emphasize all his arguments and action, even to the calling of the chickens to the filling of a tankard.

Caesar has a daughter Kate, and Peter Quilliam, the man of all work, is in love with her, but the father has other views and would rather marry his daughter to Philip Christian, the well-dressed scholar of the village, who bids fair to be a success.

Peter, on finding out that he is no match for the pretty Kate, resolves to seek fortune in the "wild" fields of Kimberley, South Africa, and in parting bids Philip Christian to watch over and guard the girl he hopes to marry, when he shall return with riches. Philip accepts the charge, but proves a false friend, and although he has no idea of marrying the innkeeper's daughter, he woos her at every opportunity and wins her affection and confidence. News

Charles Kent in "The Manxman"

has reached the village that "Pete" has died of a fever, but some months after he returns with a bag of precious stones, that will make him the richest man on the island. Kate does not love him, but being flattered by Philip she marries Quilliam to protect her name. Pete is happy but the young wife is not, and when the baby comes, which she knows is not her husband's, she cannot endure the home, and flies to her lover for comfort. The action sets the gossip of the village at work, and the house is raided by the crowds of scandal-mongers. Pete will not acknowledge that his wife has deserted him, and in order to protect her good name he spreads the report that she has gone to visit her uncle in Liverpool. Kate's lover, however, gives but little encouragement to the desolate woman, and she returns to steal away her babe, when she is confronted

AN EASTER SERMON.

Sunday is Easter day. That day upon which the forty days of fasting are over and all the world becomes once more gay with colors after the sack cloth and ashes of the lenten period. Christ, the Master who was dead has arisen and his disciples coming early in the morning have found the sepulcher open an deserted. Christ the Master has fulfilled the

scripture teachings and has risen from the dead that they might be fulfilled. It is a time of rejoicing and pleasure. It is a period when we should rejoice with all the world as we have not done since Christmas, when we celebrated the birth of the Master by rejoicing. Rev. John Lindsay Withrow of Boston, preaches the following Easter sermon in one of the Chicago papers, parts of which will bear reprinting, it follows:

GAVE CLINIC AT DENTISTS' MEETING

Dr. Leslie Showed His Profession a New Method of Filling Teeth. The local dentists met in regular session at the office of Dr. Chas. T. Pierce last evening. The meeting was well attended and proved of interest to the members. Dr. Leslie's Clinic Dr. L. L. Leslie of this city gave a clinic at the meeting which was a demonstration in the presence of the gentlemen present of a porcelain inlay to take the place of the filling as it is ordinarily used to fill a cavity in the tooth. The idea is rather a new one and may in time become an important part of the dentists' work and an improvement upon the present mode of filling teeth.

FOUR WILL BE SOLEMNIZED DURING NEXT WEEK.

ALL ARE SOCIETY EVENTS

In Most Cases the Couples Are Janesville People, Who Will Reside Here.

There is one notable exception to the social apathy which threatens to continue even though Lent will soon be a thing of the past. Matrimonially speaking the post-Lenten season will be the most brilliant one which this city has seen in many years and for the next month society will revel in the fascinating gossip which centers around dainty transients and elaborate wedding details. So many weddings are scheduled for the month that one could almost imagine that Easter heralded the approach of June which is popularly supposed to be the favorite month for brides as well as for roses and sweet girl graduates. Present indications are that April will hold this year's record for the fairest brides and the swiftest weddings or before the first of May several young society belles will stand before the hymeneal altar.

A Week of Weddings
Next week will doubtless be the most brilliant one in the month. Every day will have its share of weddings or of social events given in honor of prospective brides. Three of the brides whose wedding whose wedding day will occur during Easter week are prominent in social circles and unusual interest centers in the coming events. The following week will bring another society wedding and Janesville has unusual occasion for rejoicing over these weddings for in each instance the groom is a prominent young business or professional man of this city. Young people will all make their home here. It is rather unusual for Janesville to keep so large a percentage of its brides and during the week another state will contribute the number of young women who will be welcomed into the social circle of the young married folks.

Informal Home Weddings
The first society wedding of Easter week will occur Tuesday afternoon at 3 o'clock when Miss Louise Kent and William W. Watts will be united in marriage. The ceremony will be witnessed by the relatives and a few intimate friends of the contracting party and Rev. Robert C. Denison will be the officiating clergyman. The wedding will take place at the home of the bride's parents, Mr. and Mrs. J. Kent in the Kent Flats and will be an informal home affair.

Nowlan-Fisher Nuptials
On Wednesday evening at 8 o'clock Miss Maude Nowlan and Mr. L. Fisher will be married at the home of the bride's parents, Mr. and Mrs. O. F. Nowlan, 53 Cornell street. The ceremony will be solemnized by Rev. Robert C. Denison in the presence of a large company of relatives and friends. Miss Nowlan will be a guest of honor at two social gatherings given on the days preceding her wedding. Mrs. William Nowlan will give a one o'clock luncheon for her Monday afternoon and Miss Mary Bostwick entertains company of young ladies in Miss Nowlan's honor Tuesday afternoon. Miss Bostwick's invitations are issued for three o'clock and dinner will be served at six o'clock.

Brilliant Society Wedding
The largest and most brilliant wedding of the week will occur on Thursday evening, when the nuptials of Miss Helen C. Fifield and H. Ross will be celebrated. About a hundred invitations have been issued for the wedding which is to take place at the home of the bride's parents, Mr. and Mrs. Frank E. Fifield, 201 North Jackson street. The ceremony will be performed at 8 o'clock by Rev. Robert C. Denison. The bride will be attended by Miss Catherine Fifield, her sister, as well as of honor and by four bridesmaids. A large number of guests from out of the city will be in attendance.

A Popular Bride
Among the most popular of the brides is Miss Katherine Smith, daughter of Mr. and Mrs. Frank L. Smith, and while her marriage to Edward Henry Peterson will be celebrated until Wednesday evening, April 22, the coming week will be filled with parties in her honor. There is to be a luncheon given for her almost every day between Easter and her wedding day. The first of these parties will be given at 6 o'clock tea given by Miss Janey Ford Monday afternoon. Among the four bridesmaids for Miss Smith are Miss Isabelle Smith, her sister, Miss Mary Bostwick, her friend, and Miss Emma Smith, her friend.

Claims an Iowa Bride
Walter H. Merritt is one of the professional men of Janesville who will become a Benedict during the week. He will bring his bride to Iowa, his marriage to Miss Snyder, of Waterloo, taking place on Wednesday evening, April 15, at 8 o'clock. The wedding will be at the home of the bride's parents, Mr. and Mrs. Daniel Snyder and at a brief wedding journey Dr. Merritt and his bride will come to their native home.

Richer-Black
Among the other weddings which occur during Easter week is one which the bride is claimed by a gentleman from another Wisconsin city. Miss Emma Louise Richer and Joseph A. Black, of Eau Claire, will be married Tuesday evening at 8 o'clock. The ceremony will be performed by Rev. Paul Smith at the home of the bride's parents, Mr. and Mrs. August Richer, 151 Park avenue.

CHANGES FIRMS IN A FEW HOURS

The Unique Experience of a Traveling Drug Man During the Past Week.

Will L. Beah, a drug salesman who visits Janesville the fore part of each week, has gone through the novel experience of losing a position and securing another, without learning of it until the negotiations had been completed and he was in the employ of another firm. He has for some time represented Lord, Owen, and Co., the great wholesale drug company which went into bankruptcy last week.
J. R. Owen, of the defunct concern, was immediately taken into the employ of Morrison, Plummer, and Co., a rival house, and also every agent of the Lord-Owen company. When the deal was closed Owen sent a telegram to Beah, who was near Shullsburg at the time, and told him to send in his orders to the Morrison-Plummer people. Beah thinks he has established a record for transferring allegiances from one firm to another.

RAILWAY PLANS NOT MADE YET

FINAL ACTION OF THE COUNCIL IN NOW AWAITED.

ROUTE HAS NOT BEEN DECIDED

A New York Firm Is Now Figuring on the Cost of Construction Per Mile.

Action on the franchise grant at the next council meeting is awaited with the greatest eagerness. There are those who are loud in their belief that the mayor will refuse to sign the ordinance which was favorably acted upon by the council last Monday. An unexpected amount of opposition has developed in the past week, and the outcome of the fight which is being made by the Southern Wisconsin Interurban railroad interests to secure a reversal of decision is the subject of much speculation.

Route Not Fixed
Until their franchise is signed the Janesville Traction company will take no steps toward fixing upon a route to Madison. The road will have to be surveyed, and great difficulty is expected in finding an altogether suitable right of way. The company cannot well afford to miss Milton, Stoughton, and Edgerton, but there are many small towns which are in doubt.

Cost of Line
Those who are closely interested in the Clough company say that the cost of building will amount to between \$23,000 and \$24,000 a running mile. For a forty-mile line to Madison this initial cost will amount to approximately a million dollars. Other expenses will mount up rapidly, bringing a total figure to a point considerably higher. In case the franchise is secured steps will be taken immediately to fix on a satisfactory route and begin building.

Estimate on Equipment
A dispatch from New York says that the General Electric company of that city is getting out an estimate of cost and general plans for the electrical equipment needed for the Janesville Traction company. This indicates activity on the part of the company.

BUNCO GAME WAS NOT SUCCESSFUL

Two Men Who Tried to Work Beloit, Landed in the Rock County Jail.

Two gentlemen who attempted to bunco several Line City restaurant proprietors yesterday were brought to the county jail today. They gave their names as Reginald Stires and Edward Mitchell. Their offense is the alleged attempt to pass forged checks in their possession which they had not succeeded in passing.

On arriving in Beloit their first step, so far as is known, was to go to the home of Rev. Purdie, the pastor of the Episcopal church. They set forth their hunger and the need of a meal, and the reverend gentleman gave them an order on Reimer, the keeper of a restaurant, for a meal apiece. Later in the day they returned to Beloit and bought a meal ticket for \$3.00, giving in return a check signed by G. W. Sparks, manager of the Fairbanks, Morse and company plant.

Mr. Sparks' signature went unchallenged, and the balance of the ten dollars for which the check was drawn was returned to the men. They then proceeded to Holliday's restaurant and there attempted to duplicate their first graft, but Holliday telephoned to Mr. Sparks, and learned that no such checks had been issued, and he secured the arrest of the men.

Judge Booth heard the stories of the men this morning in the Beloit municipal court and on their motion set the date of trial for next Thursday morning.

DEBATE TEAMS HARD AT WORK

The Great Appleton-Janesville Meeting Will Probably Be in May.

Preparations for the Appleton-Janesville high school team have been practically completed by the local team. They have their debate in nearly final shape, although study and consultation are being continued. The three men who will represent the high school have their arguments so well in hand that they are considered well nigh invincible by those who have met them on the rostrum of the Busk Lyceum.

It has been proposed by the Appleton school that when their team comes to this city on the first Friday in May, the date when the debate will probably occur, a team of declaimers accompany them. It has not been decided whether to accept the offer.

WANT SUMMER TRAIN ONCE MORE

Petition Started to Have Fond du Lac Train Put on Again During the Warm Months.

A petition has been circulated in this city, and in several neighboring towns and cities, asking that the Sunday train from this city to Fond du Lac which was run during the summer months last year, be put on again this summer, and be continued throughout the year. The petition which received a large number of signatures in this city was drawn up by H. C. Christian of Johnson's Creek. It was addressed to General Passenger Agent Cairns of the North-Western road.

Last summer the train proved one of the most popular on the line. It left here at 7:35 in the morning and returned at about 7:00 in the evening. By way of Jefferson it proved a convenient train to Lake Mills and other points, and carried a large number of Janesville people to Kosciusko and other places on the road.

TAME SESSION OF THE COUNCIL

OPPOSITION TO RAILWAY FRANCHISE DID NOT APPEAR.

JUST THE REGULAR WORK

City Fathers Merely Went Through the Ordinary Routine of Business Necessary.

Disappointment greeted those who hoped for further franchise action at the special meeting of the city fathers, called last night to canvass the city election returns. Aside from carrying out the purpose of the session, the only business accomplished was the passage of several orders for street improvement, to prepare the crusher plant for operation, and to make it possible for city laborers to secure their pay more promptly.

Reports Made
First on the order of business after Mayor Richardson called for attention was the work of the board of canvassers, consisting of the judiciary committee. After the committee had made their report, the officers were declared elected, on motion of Alderman Kothman. The result was the same as that which has been printed in the columns of the daily papers of the city.

Two Orders for Side and Cross Walks
Two orders for side and cross walks presented by Alderman Murray were passed. They provided for a brick cross walk on Gold street at the northern side of the Galena street viaduct, and for the Northwestern road to build a sidewalk on the side of the east approach to the viaduct.

Pay Laborers
By a resolution presented by Alderman McLenn standing rule six of the council was amended so it is possible for a laborer employed by the city to secure his pay on the day after the council meets, provided the finance committee has approved the bill, instead of waiting for two weeks.

Orders Made
August Stramke was granted permission, on motion of Alderman Rice, to remove a house from the corner of Ravine and Washington along Ravine and Pearl streets to Highland Ave.

An order for two carloads of brick for street crossings was presented by the same gentleman and passed. On motion of Mr. Rice an order was passed that the crusher plant be put in condition for summer work. He also presented an order which was passed for a brick cross walk at the intersection of Washington street and Magnolia avenue.

The council then adjourned.
Present: Aldermen Judd, Lowell, Hemming, Kothman, Murray, McLenn.

...Forty Years Ago...

Janeville Daily Gazette, Saturday, April 11, 1863.—The news from Charleston is still through rebel sources. It is reported that our iron clads were repulsed on Tuesday and that the Kookuk was sunk. It is also said that our troops were on the mainland fighting and that the shore batteries had been reduced by our forces. The iron clads are still within the bar.

The many friends of General Fremont throughout the country will rejoice to learn that his administration of the western department is fully sustained and endorsed by the report of the committee of the conduct of the war, except only in relation to the manner of constructing the forts at St. Louis. That they are necessary is admitted. On the whole, the committee say that "The administration of Fremont was eminently characterized by earnestness, ability and loyalty."

The singers met on Tuesday evening and resolved unanimously to repeat the "Old Folks" concert on Friday evening, the 30th inst. This gives them ample time for rehearsal. The previous concert was all that could have been expected, and was one of the best concerts ever given in the city, yet they hope even to improve upon that, and give a new program. We trust our citizens will do all they can to assist and support the singers in this most laudable object—to give aid to our sick and wounded soldiers.

A lecture on "The South as It Is," will be delivered at the Baptist church on Monday evening next by Miss Everts, for many years and until recently a resident of the south. Her lecture has been highly spoken of.

DENTISTS TO BE GENIAL HOSTS

Annual Meeting of the Southwestern Wisconsin Dental Association Will Be Held Here.

The members of the Southern Wisconsin Dental association will meet in this city May 20th and 21st. This meeting will be an important one and a large number of the dentists of the various cities of southern Wisconsin will be present. The local organization of which Charles Pierce is president, will entertain the guests for their two days' session, and a profitable and interesting meeting is anticipated. Dentistry has become a favorite place for them to meet. Their last session was held here and when the question of their future plans of meeting came up Janeville was selected without a dissenting voice.

Prominent Speakers
A number of the prominent dentists of the country will be here to hold clinics and lecture, demonstrating before the association the most modern methods of dental work and giving them the benefits of their research and study upon the questions arising in their profession. Dentistry has made great progress during the last few years and the presence of these men who are in the forefront of their profession will be of great benefit to those who hear them.

Large Order
The Southern Wisconsin Dental association has been growing very fast and is now a large one, the membership being in the neighborhood of 200, and when they get together a pleasant as well as profitable time is assured.

The Arrangements
The local dentist association is very glad to have the meeting here, and every thing they can do to make the meeting a success will be done. Dr. Chas. Pierce has charge of the clinics and Dr. Hart is chairman of the executive committee in the state organization.

Letter to Dr. H. J. Barry, Janeville, Wisconsin.

Dear Sir: For your house, no matter what's the matter with it—it isn't human, you know—a prescription:
Devote Ready Paint. Apply with a brush, from one to three coats—get a painter to do it.

You know what the color and dryer are for; do you know what the lead and zinc and oil are for? Not being a painter, you may not choose to know, but we'll tell you.

Lead and zinc and oil combine to form a rubbery water-proof coat to keep out dampness. That's the whole business.

The oil would do it alone, lead and oil will do it, without the zinc; zinc and oil without the lead, but the three together are best, because they wear best.

We say to you, "get a painter," as we'd say to him "get a doctor," every man has his trade. Can't all be painters, and doctors; don't want to.

You will be more successful in a prosperous looking house; and he in good health. Take good care of one another.

Yours truly,

PLENTY OF IT

More Proof Like This and It Is All From Janesville People

"The proof of the pudding is in the eating of it." If any city or town in the union has sufficient proof on the old saying subject it is Janesville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers give a statement like the following for publication it is proof convincing for the most skeptical. Lead this testimony:

Mrs. S. L. Belden of 64 S. River street says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work and if I did any lifting my bladder became affected causing me considerable annoyance. I also had attacks of headache which seemed to congest in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them but my daughter got a box at the People's Drug Co.'s store and persuaded me to use them. They took right old and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

For sale by all dealers. Foster-Hiburn Co., Buffalo, N. Y., sole agents for U. S. Remember the name, Doan's, and take no substitute.

Point in Dispute.

It is said that the amount of the national "conscience fund" was last year over \$30,000 in excess of the fund of the year previous. This indicates either that the public conscience is growing tenderer or that the thefts are growing larger, a point which the pessimists and the optimists may comfortably fight out between them.

Admiral Schley, accompanied by Col. and Mrs. A. K. McClure of Philadelphia, is to make an extended tour of the west, going as far west as southern California, where the early spring will be spent.

\$1,000 for a Germ

That Liquozone Can't Kill.

We offer \$1,000 to the scientist or physician who discovers a disease germ that Liquozone can't kill. Such a germ is yet unknown. Liquozone kills every germ yet discovered, and by that means cures every germ disease.

Just Oxygen.

Liquozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, that great German chemist, who spent 20 years on it. Liquozone charges the blood with such an excess of oxygen that no germ can live in any membrane or tissue.

The results are inevitable. Any germ disease must end when the cause is killed. Then the oxygen—Nature's greatest tonic—quickly brings the sick one back to the maximum of health.

This company, after testing Liquozone for two years in diseases called incurable, paid \$100,000 for the rights for the United States. That fact shows our faith in it. No other product ever discovered will do so much for humanity.

Kills Inside Germs.

Any drug that kills germs is a poison to you, and it cannot be taken internally. Liquozone is the only way known to kill germs in the body. It is carried by the blood to every cell of every tissue, and no germ can live where it goes.

Yet Liquozone is simply liquidified oxygen—just the vital part of air. It is

not only harmless—just as harmless as breathing—but a tonic to you—the very source of vitality. Its effects are exhilarating—purifying. But germs are vegetables, and an excess of oxygen, while life to an animal, is deadly to vegetable matter. This fact secures a provision of Nature to protect man against germs.

Germ Diseases.

These are some of the known germ diseases. The cause of these troubles is germs, and germs only; and these germs must be killed before the trouble is cured.

Medicine sometimes cures these troubles by helping Nature to overcome the germs, but the results are indirect and uncertain. Liquozone always kills the germs, and the results are direct and sure. The best physicians and the largest hospitals now employ Liquozone—not medicine—for germ troubles.
